Profile

I am a novice frontend developer looking to gain my first commercial experience and develop my skills in a real project environment.
I am keen to work in a team from which I can learn and at the same time bring my initiative and fresh perspective. I am particularly interested in React and creating modern, responsive user interfaces.

Education

WSEI Academy - 2023 - present.

Zespół Szkół Energetycznych w Rzeszowie - Technician of Information Technology, 2018 - 2022

Skills

- **Frontend**: HTML5, CSS3 (BEM), JavaScript (ES6+), React (including React Router), Tailwind CSS, Bootstrap

- **Other**: Git, REST API, RWD, TypeScript basics.

- **Debugging**: self-analysis of errors, use of DevTools, reading console messages

- **Design**: knowledge of UX principles,

- Ability to work independently, willingness to work in teams and learn quickly, perseverance in solving problems.

Projects

Quizz App - repo
Quiz app with state and question management. Technologies: React, useContext, custom quiz logic

Weather App - repo
Downloading weather data from an external API and displaying it in a readable form. Technologies: JavaScript, API, CSS, HTML
